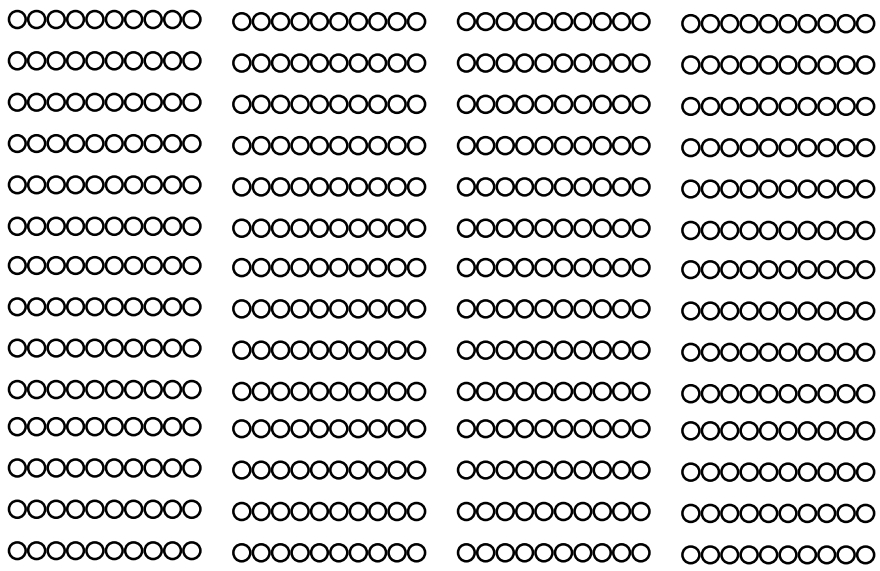
MAD METRONOMES

Your teacher will set a metronome to tick every few seconds... Every time you hear a tick, colour in one of the circles below

Your teacher will stop you after about ten minutes

Make sure you are accurate because your teacher will count your coloured in circles and for every circle too few or too many you have coloured in, you will have to stay an extra minute.....



Free metronomes at http://www.metronomeonline.com/ and http://www.8notes.com/metronome/metronome.asp?marking=40
